# PUBLIC SAFETY PAVILION

XPONENTIAL is where public safety organizations turn to discover the latest uncrewed solutions that support their operations.

As the leading event for uncrewed systems professionals, it draws law enforcement, fire services, emergency response teams, and government agencies from across the country and around the world. These professionals are actively seeking technologies that enhance situational awareness, improve efficiency, and save lives.

By exhibiting in the Public Safety Pavilion, your solutions will be front and center for a highly focused audience—ready to explore tools that help them serve and protect more effectively.

In 2026, XPONENTIAL is co-located with DRONERESPONDERS. As an exhibitor in the Public Safety Pavilion, take advantage of this opportunity to engage with public safety leaders looking for deployable UAS technology.

## ELIGIBILITY:

The Public Safety Pavilion is designed for organizations selling or purchasing uncrewed and autonomous systems for public safety. Join us at XPONENTIAL as an official exhibitor to showcase your latest innovations and connect with new customers.

### Who it's for:

- Public safety technology suppliers
- Public safety service providers

### Who you will connect with:

- Emergency Services
- First Responders
- Law Enforcement

## PUBLIC SAFETY PAVILION BENEFITS:

- Access to dedicated public safety exhibitor space (including plenty of room for technology demonstrations)
- Meet decision-makers and buyers in the public safety sector
- Elevate your company's thought leadership through speaking engagements that feature your customers or team members
- Choose from premier sponsorship opportunities to boost visibility in the public safety sector
- Pavilion highlighted on all floorplans
- Participating companies receive all exhibitor benefits, including a complete company listing in the XPO Guide, mobile app and online, as well as access to the Exhibitor Promotional Toolkit
